The name speaks for itself. Humble Brag - combining a sanctuary from the hustle and bustle with the perfect entertaining zone. You've just met your four-bedroom, two-bathroom match made in heaven. And if you take your entertaining seriously, then this open planned living design (with separated bedroom zones) might just be the one.

L-Shaped Kitchen

For those who love their elbow room. This layout is about as open plan as it gets. Breeze in and out with ease and delight in just how big your new home feels. Because it is.

5th Room??

More a Netflix in bed type? Go without the theatre and convert it into another bedroom for the kids, furkids, or that third wheel you just can't get out the door.

Master Suite

Because you deserve a bedroom fit for nobility. Complete with walk-in robe and glamorous ensuite to really make you feel like the King or Queen of your castle.

Study Nook

Bit of a non-negotiable these days, right? Work from home, study, set your little artists up with their new favourite colouring book... the nook has you covered

Your choice of 3 designer elevations | Your choice of 5 not-so-standard specifications
 Unlimited design changes | A remarkable building experience

It's time. Make your mark.
