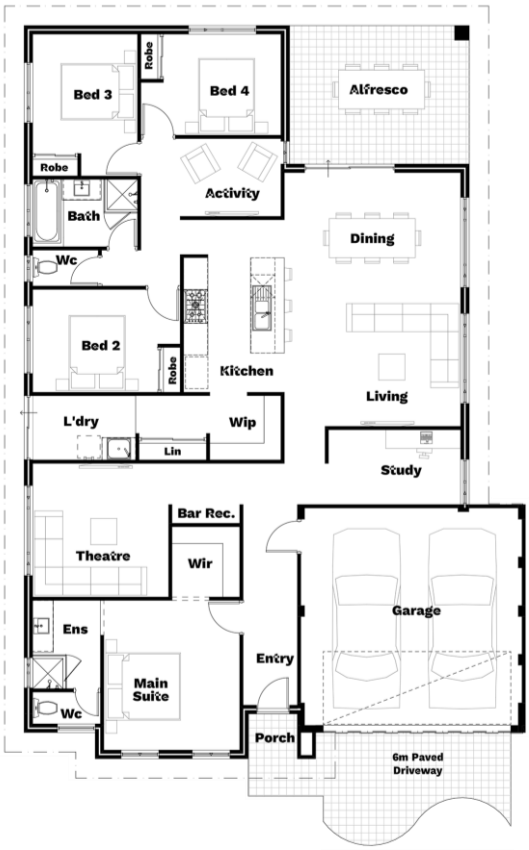
HOME DESIGN BROCHURE

Giver

4 2 2 237m²



A children's wing with activity area just off the kitchen so you can see how that homework is progressing while you get dinner on. A separate study so you can shut the door and take your Zoom call in peace (BYO Do Not Disturb sign). Island kitchen with huge walk-in pantry leading to your hidden linen cupboard and laundry (because out of sight equals out of mind).

200m2+ design
Because you need it all – comfortable living, room to grow, and all the amenities. Space? Tick. Style? Tick. Maintaining your sanity with a mix of private zones? Big tick.

Home office
For those who need a little more zen to work you can get down to business, because your new home isn't the only place you're making your mark.

Noble master suite
Because you deserve a bedroom fit for nobility. Complete with walk-in robe and glamorous ensuite to really make you feel like the King or Queen of your castle.

Separate children's wing
Need we say more? We love a rendition of Let It Go as much as you, but it'll be nice to put a little distance between yourself and Elsa occasionally, yeah?
