Designs don't come much cleverer than this. A home theatre at the front. A master bedroom cushioned behind it for uninterrupted weekend sleep-ins—no matter what's happening on the street in front. A separate wing for kids or guests at the back. A huge kitchen with a scullery, walk-in pantry, and hidden laundry complete with linen cupboard. Seriously. And we haven't even got to the open plan living and dining yet. To say it's Snatched is an understatement, tbh.

Open plan living

Because it's all about the 'flow'. Catch up on the latest gossip while stirring the pot (the one on your stove) without losing sight of the two or four-legged rugrats outside.

Separate children's wing

Need we say more? We love a rendition of Let It Go as much as you, but it'll be nice to put a little distance between yourself and Elsa occasionally, yeah?

Master suite

Complete with walk-in robe and glamorous ensuite to really make you feel like the King or Queen of your castle. Because you deserve a bedroom fit for nobility.

Double garage

Tuck those prized rides in for the night and sleep sweetly yourself knowing they're both safe and sound. No need to play favourites.
